# BARIS 40 LED BRACKET 1600LM PRM I CL. IP44 860MM 840 13W BLACK 

DETAILED CARD

## TECHNICAL PARAMETERS

| Rated power of the luminaire [W]: | 13 |
| :--- | :--- |
| Luminous flux [lm]*: | 1600 |
| Colour temperature [K]: | 4000 |
| Ingress protection: | IP44 |
| Energy efficiency class: | aluminium |
| Material of the body: | black |
| Colour of the body: | PC |
| Diffuser material: | PRM |
| Diffuser type: | surface, wall mounted |
| Mounting version: |  |

## CHARACTERISTICS

A luminaire with a very narrow cross-section. The bodies are available as an anodised aluminium profile in grey or as an aluminium profile painted in white or black (other colours available on request). Optical system in the form of an opal cover. The optical system in the form of a prismatic diaphragm reduces glare and is characterized by a greater light transmittance than the opal diffuser, which has a direct impact on a higher value of luminous efficacy.

## APPLICATION

The unique design predisposes these luminaires to illuminate: offices, conference rooms, and other representative spaces, in offices, passageways, sanitary rooms, and bathrooms (wall lamps), in public utility buildings.

Versions marked "VD" are only intended for use in traffic zones and corridors inside buildings included in Table 5.1 of EN12464.
