

# TERRACO DIR E27 PLX IP54 I KL. GRAPHITE

DETAILED CARD

## TECHNICAL PARAMETERS

Light source:	E27 LED lamp
AC voltage range [V]:	220 - 240
Frequency [Hz]:	50-60
Electrical protection class:	I
Ingress protection:	IP54
Impact resistance:	IK04
Light distribution type:	DIR
Exchangeable source:	1
Diffuser material:	PMMA
Diffuser type:	MAT

## CHARACTERISTICS

Terraco is a luminaire with a modernist construction distinguished by its interesting minimalist design. The powder-coated steel body is available in four colour versions: silver, graphite, white and black. It offers a choice of different light distribution options, allowing it to be used in various applications, both: vertically and horizontally. Installed on a building facade, it can distribute light downwards, upwards and sideways. It has a high ingress protection rating of IP54. It is designed for surface mounting. **\*Light source not included.**

## APPLICATION

Terraco is particularly suitable as exterior facade lighting, terrace, patio and balcony illumination. Its small dimensions expand the range of applications - it can light up alcoves and hard-to-reach areas. Terraco fittings can also be arranged in various ways to create interesting arrangements in buildings' interiors. The fitting allows a large number of interesting lighting concepts to be realised. It can be used to highlight contemporary architecture.
