

CONTRA LED SURFACE-MOUNTED FRAME CLICK 1200X300X65MM

KARTA AKCESORIUM

TECHNICAL PARAMETERS

Index: 374708

CHARACTERISTICS

Frame for surface mounting of LED panels 1295 x 295mm.

APPLICATION

The frame allows surface mounting of all LED panels with dimensions of 1295 x 295mm. The frame can be used for both SLIM type LED panels (EDGE-LIT i.e. PLANO) and BACK-LIT type LED panels (i.e. CONTRA). It consists of four aluminium profiles which, when assembled, allow the LED panel, power supply and cabling to be placed in it. A set of screws is included to assemble the frame.
