DETAILED CARD

TECHNICAL PARAMETERS

Index: 980275

Rated power of the luminaire [W]*: 109

Luminous flux [lm]*: 17500

Frequency [Hz]: 50-60

Energy efficiency class:

Electrical protection class:

Colour temperature [K]: 4000

Ingress protection: IP40

Mounting version: surface, suspended

CHARACTERISTICS

LINEA S LED is a surface-mounted and suspended light line system, representing a new generation of lamps dedicated to LED technology. The innovative connection system and loop-through cabling enables lamps to be quickly connected to form a light line and allows flexible replacement of light modules to suit current needs. The design used allows for easy assembly and power connection. The steel body, designed from the ground up, ensures the lamp's strength and robustness, while the narrow side profile allows installation in hard-to-reach areas. Diodes from a renowned manufacturer and new LED modules contribute to the very high luminous efficiency.

APPLICATION

A versatile LED lamp for indoor use, particularly suitable for lighting large-scale commercial, manufacturing and warehouse facilities.
