## TECHNICAL PARAMETERS

|                                    |           |
|------------------------------------|-----------|
| Index:                             | 769139    |
| Ingress protection:                | IP20      |
| Impact resistance:                 | IK03      |
| Rated power of the luminaire [W]*: | 27        |
| Luminous flux [lm]*:               | 3475      |
| Colour temperature [K]:            | 3000      |
| Material of the body:              | aluminium |
| Colour of the body:                | white     |

## CHARACTERISTICS

The BARIS 40 LED UGR PLUS luminaire was created to provide maximum comfort and work efficiency. With a UGR (Unified Glare Rating) value below 19, it minimizes the glare effect, affecting well-being, reducing fatigue and reducing the number of errors made. Suspended or surface-mounted lighting lamp with a very narrow cross-section. Its body is made of anodized aluminum profile in gray or aluminum profile painted white or black (other colors available on request). The optical system is in the form of a lens with a parabolic louver. The luminaire is equipped with a unique suspension system that facilitates the installation of the lamp and adjustment of the suspension. All BARIS 40 LED suspended luminaires contain 1.2 m long suspensions with a box included in the set.

## APPLICATION

The luminaire is intended for indoor use. Especially recommended as a source of main lighting conducive to office work. Unique design, energy-saving LED modules and possible integration with external lighting control systems in the DALI standard make this luminaire suitable for use in modern A+ class office buildings, with particular emphasis on representative rooms.
