

TERRACO DIR E27 ALU PLX IP54 I CL. WHITE

DETAILED CARD

TECHNICAL PARAMETERS

Light source:	E27 LED lamp
Frequency [Hz]:	50-60
Electrical protection class:	I
Ingress protection:	IP54
Impact resistance:	IK04
Light distribution type:	DIR
Exchangeable source:	yes
Diffuser material:	PMMA
Diffuser type:	matt

CHARACTERISTICS

Terraco is a luminaire with a modernist construction distinguished by its interesting minimalist design. The powder-coated aluminium lamp body is available in four colours: silver, graphite, white and black. It offers a choice of different light distribution options, allowing it to be used in various applications, both: vertically and horizontally. Installed on a building facade, it can distribute light downwards, upwards and sideways. It has a high ingress protection rating of IP54. It is designed for surface mounting. ***Light source not included.**

APPLICATION

Terraco is particularly suitable as exterior facade lighting, terrace, patio and balcony illumination. Its small dimensions expand the range of applications - it can light up alcoves and hard-to-reach areas. Terraco fittings can also be arranged in various ways to create interesting arrangements in buildings' interiors. The fitting allows a large number of interesting lighting concepts to be realised. It can be used to highlight contemporary architecture.
