## CHARACTERISTICS

The LED hand torch is an option for those working in the automotive workshop, mobile service, garage or construction site. The functionality of LED hand torches will benefit both professionals and DIY enthusiasts - anyone for whom good lighting is important during work or hobby activities. The torch is characterised by its long service life, powerful light output and long operation time, allowing you to focus on the task at hand. At the same time, the light emitted is comfortable for the eyes and the LED technology itself is energy-efficient.
