QUEST LED EVO L 34850LM I CL. IP67 740 45D 206W

DETAILED CARD

TECHNICAL PARAMETERS

Index: 834929
Ingress protection: IP67
Rated power of the luminaire [W]*: 206
Luminous flux [Im]*: 34850
Colour temperature [K]: 4000
Color rendering index (Ra) >: 70
SDCM: 3
Electrical protection class: I
Energy efficiency class: B

Material of the body: aluminium

CHARACTERISTICS

suspended Quest LED EVO L HB Z are extremely efficient floodlights and premium HB class luminaires, manufactured in Poland. Their body is made of die-cast aluminium, powder coated, without an external heat sink and ribs that make it difficult to keep clean. The diffuser is made of tempered glass, under which there are LEDs with the highest efficiency. Different types of optics, especially asymmetrical ones, provide great freedom in choosing the right solution for a specific application. Thanks to the highest tightness rating on the market (IP67) and maximum impact resistance (IK10), the floodlights will perform well in all conditions, regardless of the weather and installation location. The new version of the renowned and proven QUEST model offers even better lighting parameters, achieving an efficiency of over 170 lm/W. Quest LED EVO M meets the requirements of PN-EN 60598-2 part 5, which allows it to be classified as an illumination projector, enabling complete freedom of installation in any position, with 360° rotation and resistance to strong winds. An additional advantage for contractors is the sealed quick connector - an innovative solution that eliminates traditional. time-consuming connection methods. Thanks to an intuitive system of coloured latches, connector installation is simple, quick and tool-free. The HB NT version is designed for surface mounting as a highbay using dedicated brackets. The HB Z version is designed for suspension. The accessory kit includes brackets for pole mounting, a frame for flush mounting (e.g., shelters), light pollution reduction screens and protective grids in two colours with different degrees of light reduction (white RAL7016: 4%, body colour RAL7016: 8%). The models can be equipped with an external motion and twilight sensor. They are also available in the ENDURA version, resistant to elevated ambient temperatures up to 50°C. The range also includes dual-module versions with increased flux and power. DALI versions are available (in the case of a gap in a specific power rating in the range with a DALI power supply, check the ENDURA DALI versions)

APPLICATION

Quest LED EVO L is widely used in lighting educational, administrative and institutional facilities, halls, garages, passageways, warehouses, shops, as well as in the food industry and commercial and service facilities related to food products. They are an ideal solution for small sports fields, open spaces and car parks. They can be mounted as floodlights on poles and masts, on building facades, as well as surface-mounted highbays (HB NT version) and suspended highbays (HB Z version). Thanks to the flush-mounted option, they are perfect for shelters. Quest LED EVO L is an excellent choice for production plants and halls as well as large-area warehouses.

DETAILED CARD

TECHNICAL PARAMETERS TABLE

Index:	834929
EAN:	5905963834929
Light source:	LED
Rated power of the luminaire [W]:	206
Supply voltage [V]:	220 - 240
Surge protection [kV]:	6
Frequency [Hz]:	50-60
Luminous flux [lm]:	34850
Luminous efficacy [lm/W]:	169
Energy efficiency class:	В
Electrical protection class:	1
Colour temperature [K]:	4000
Color rendering index (Ra) >:	70
SDCM:	3
Beam angle [°]:	45
Diffuser material:	glass
Diffuser type:	transparent
Material of the body:	aluminium
Colour of the body:	RAL7016
Dimensions (H/W/T/S) [mm]:	434/550/57
Mounting dimensions [mm]:	400

Ingress protection:	IP67	
Mounting version:	surface	
Working temperature [°C]:	from -20 to +35	
The number of implement units:	2	
Number on the palette [pcs]:	24	
Category type:	floodlights	
Version:	floodlight	
AC voltage range [V]:	198-264	
DC voltage range [V]:	176-280	
Impact resistance:	IK10	
Net weight [kg]:	8.500	
LED lifespan L70B50 [h]:	158000	
LED lifespan L80B20 [h]:	100000	
LED lifespan L90B10 [h]:	45000	
Warranty [years]:	5	
CE certificate:	<u>76/2025</u>	
Environmental Product Declaration (EPD):	<u>816/2025</u>
