## CHARACTERISTICS

This energy-saving, outdoor accent LED fitting ensures economical and long-term operation without the need to replace light sources. It has high ingress protection rating of IP65—from dust ingress and water jets from any direction. The ingress protection is ensured by its design—aluminium body and tempered glass additionally protected with a seal. The fitting is available in two light distribution options.

## APPLICATION

The fitting for wall mounting (directly to the surface by means of wall plugs) is designed especially for accent outdoor lighting of facades of: hotels, offices, apartment buildings but also private houses, passageways and entrance areas.
