

DIONE LED 2800LM 840 IP65 IKL. OPAL WHITE

VANDALPROOF 30W

DETAILED CARD

TECHNICAL PARAMETERS

Index:	x
Ingress protection:	IP65
Impact resistance:	IK10
Rated power of the luminaire [W]*:	12
Luminous flux [lm]*:	1240 - 2850
Colour temperature [K]:	4000
SDCM:	≤ 3; ≤ 5
Energy efficiency class:	E; F; G
Material of the body:	ABS; PP
Ring material:	ABS

CHARACTERISTICS

Designed from scratch surface mounted, round LED luminaire with integrated, energy-saving LED panel. The fitting introduces new solutions to improve the light distribution and balance of the temperatures. It is characterized by high lighting efficiency and very high IP65 ingress protection. Its base and ring are made of UV-resistant material. Specially profiled diffuser made of vandal-resistant PC allows keeping the highest degree of impact resistance IK10. It uses a number of proven solutions affecting the speed and ease of the assembly (suspension kit for the diffuser, readiness for through wiring) and component security: diffuser integrated with LED panel. The ceiling ring is used to cover the gap between the luminaire and the surface on which it is mounted. The accessory can be used in prison cells. The fitting is offered in RCR version:
- sensor is used to detect motion; for detection uses microwaves (active sensor).

APPLICATION

Surface-mounted wall or ceiling luminaire intended for indoor use (utility rooms, staircases, circulation routes) or outdoor. It is also available in a version with an RF motion detector which is especially recommended for use in spaces open to the public.
