## CHARACTERISTICS

Surface-mounted, round LED fitting with increased ingress protection class IP65 and integrated energy-saving light source LED. Body and base made of high-pressure cast aluminum and powder coated silver or graphite. A specially formed diffuser made of impact-resistant PC ensures the highest possible impact resistance of the fitting (IK10). Color temperature 3000K/4000K, CRI>80, lifespan of LED 50 000h (L70B50) ta= 25 °C.

## APPLICATION

Surface mounted luminaire intended for indoor or outdoor use. Suitable as a general light source in representative rooms and passageways. Very good mechanical parameters (increased ingress protection class IP65 and impact resistance IK10) allow this fitting to be used for facade applications.
