TECHNICAL PARAMETERS

Index:	150098
Accessories:	yes
Manual:	Download PDF

CHARACTERISTICS

The T-TYPE bracket is designed for mounting SKVER LED S luminaires on poles with a maximum diameter of Ø76. The 'T'-shaped design allows for the installation of two luminaires on opposite sides, ensuring effective illumination of the area on both sides of the pole. Made from steel tubes with diameters of Ø90 and Ø60, it is characterised by high structural rigidity and resistance to weather conditions.

APPLICATION

The T-TYPE bracket, designed for SKVER LED S luminaires, is used in street lighting, car park lighting, park lighting, and in industrial and commercial areas.
