BARIS 52 LED N 2963MM 4800LM 840 IP44 I CL. UGR ANODE (38W)

DETAILED CARD

TECHNICAL PARAMETERS

Index:	461125
Rated power of the luminaire [W]*:	38
Luminous flux [lm]*:	4800
Colour temperature [K]:	4000
Ingress protection:	IP44
Energy efficiency class:	D
Material of the body:	aluminium
Colour of the body:	grey

CHARACTERISTICS

Suspended or surface-mounted luminaire with classic proportions and modern design. The design of the luminaire allows you to create lines up to 6 meters long with no need to join the profile and up to 25 meters without diffuser joints.Straight connectors and luminous L, T, X, V-shaped bends allow you to create virtually unlimited sequences of straight lines, figures and patterns. The body of the luminaire consists of an anodised aluminium profile in grey or an aluminium profile painted in white or black (other colours available on request). Optical system in the form of a prismatic diffuser (PRM); of a dedicated, flexible opal diffuser that evenly illuminates the luminaire or with a raster that meets the stringent UGR <19 glare requirements. The luminaire's modularity and disassembly capabilities allow the replacement of electronic components such as the LED strip, power supply and the diffuser. The luminaire's profile is compatible with intelligent IOT modules, which also allows to optimise the provided level and amount of light, as well as the direct/indirect version that allows some of the light to be directed upwards to illuminate the ceiling.

APPLICATION

The luminaire is dedicated for indoor use. It is used as a main light source and is conducive to office work that requires eyesight concentration. Unique design, energy-saving LED modules and possible integration with external lighting control systems in the DALI standard make this luminaire suitable for use in modern A+ class office buildings, with particular emphasis on representative rooms, conference rooms, passageways and other places, where the IP44 class is required.
Attention: for surface mounted and suspended BARIS 52 LED luminaire (OPAL, PRM, UGR) it is necessary to order separately a diffuser (available as an accessory) with an appropriate length being the sum of all lines. Luminaire diffuser with a maximum length of 25m, available in 0.5m length increments, are cut to length by the contractor. Connectors (T, X, L, V) are fitted with OPAL diffuser. T, X, L, V connectors with diffusers UGR and PRM are available on request.
