UV-C STERILON AIR 144W

GENERAL CARD

TECHNICAL PARAMETERS

Nominal power [W]: 144.00

Supply voltage [V]: 220 - 240

Electrical protection class:

Material of the body: powder coated carbon

steel

Colour of the body: white / endcap gray

Dimensions (H/W/T/S) [mm]: 600/148/148; 679/148/148; 717/230/230;

717/230/230;

150.00

Ingress protection: IP20

investment version to be connected to the electrical installation; standing version with a cable for the socket; version on trolley / wheels and handle; wall version with a cord for the socket

Max volume of the disinfected room

[m3]:

Mounting version:

Warranty [years]:

CHARACTERISTICS

UV-C STERILON AIR luminaires emitting ultraviolet (UV-C) light are one of the most effective devices capable of removing viruses, bacteria, mold from the surface or destroying the DNA or RNA of any exposed microorganisms. The luminaires are intended for wall mounting but are also available in a free-standing version. Selected versions are equipped with a 3-meter power cord and a switch. The luminaire is equipped with ECO mode, which makes its operation quieter.

APPLICATION

Luminaires are recommended for use in service-providing facilities (hair and beauty salons), health care facilities, hotels, restaurants, public administration, educational and care facilities.
