CHARACTERISTICS

Terraco LED is a modernist luminaire distinguished by its interesting minimalist design. The powder-coated aluminium body of the lamp is available in four colour versions: grey, graphite, white and black. The multitude of versions with different luminous surfaces allows it to be used in a variety of places and in different ways: vertically and horizontally. Installed on a building façade, it can shine downwards, upwards and sideways. It has a high ingress protection rating of IP54. It is designed for surface mounting.
