## CHARACTERISTICS

Terraco LED is a modernistic lamp distinguished by its interesting minimalist design. The powder-coated steel body of the lamp is available in three color versions: silver, graphite, white and black. The multitude of versions with different luminous surfaces makes it possible to use it in numerous places and in different ways: vertically and horizontally. Mounted on the facade of a building, it can shine down, down and up, as well as sideways. It features a high IP54 waterproof rating. It is designed for surface mounting.

## APPLICATION

The Terraco LED lamp will be particularly suitable as outdoor facade lighting, terrace lighting, and balcony lighting. Small dimensions increase the range of its applications - it can illuminate alcoves or hard-to-reach places. Terraco lamps can also be used in the interiors of buildings and arranged in a variety of ways on the wall to form interesting lighting arrangements.

The lamp allows to realize a large number of interesting lighting concepts. It is used to illuminate contemporary architecture.
