## CHARACTERISTICS

LED hand lamp is an option for those working in an auto workshop, mobile service, garage or construction site. The functionality of LED hand lamps will benefit both professionals and do-it-yourselfers - anyone for whom good lighting is important during work or hobby activities. The lamp is characterized by high durability, strong light output and long working time, which allows you to focus on the task at hand. At the same time, the emitted light is comfortable for the eyes, and the LED technology itself is energy-efficient.

## APPLICATION

It is used as a work lamp to illuminate the workplace, workshop or garage.
