## CHARACTERISTICS

The Flex Line LED light is a light line designed for quick and temporary illumination of a workstation or construction site. Available in 10m, 15m and 20m LED cable versions, it allows line connections of up to a maximum of 50m. The lamp's special shape and operating principle allows it to be freely mounted in a variety of working conditions (mounting on nails, screws, pipes, scaffolding, etc.) while directing the position of the light direction.

## APPLICATION

An innovative light chain designed for fast and versatile lighting of workplaces. Its unique shape and clever design, allow for express installation even in very unusual places: construction sites, workshops, renovations, vehicle repair areas, service shops, etc.
