CHARACTERISTICS

A suspended LED lamp made up of two rings of 602mm diameter and two rings of 900mm diameter, allowing for an attractive arrangement of representative interiors. The lamp is made of powder-coated steel in white, black or any other colour to match the character of the interior. The thermoformed milk shades emphasise the decorative character of the lamp. The pendant option includes a complete pendant system with a central box.

Multi LED versions allow you to choose from 4 flux and power settings, increasing the versatility and functionality of the lamp while keeping the number of indexes to a minimum.

APPLICATION

Solanto Quattro is an extremely impressive pendant lamp, dedicated to interiors such as lobbies, receptions, shopping malls and showrooms. It is also perfect for flats and flats, blending in perfectly with stylish surroundings.
