

LINERO LED

GENERAL CARD

TECHNICAL PARAMETERS

Ingress protection:	IP66
Rated power of the luminaire [W]*:	71.00 - 143.00
Luminous flux [lm]*:	10800 - 18650
Colour temperature [K]:	4000
Color rendering index (Ra) >:	80
Electrical protection class:	II
Energy efficiency class:	C; D
Material of the body:	aluminium
Mounting version:	surface, suspended
Dimensions (H/W/T/S) [mm]:	632/61/129;
Warranty [years]:	5

CHARACTERISTICS

A family of lightweight, linear, high-bay, hermetic luminaires made of extruded aluminium, with a heat sink to dissipate excess heat and a separate compartment for the power supply. It combines durability and tightness with maximum light efficiency. Its uncompromising, modern design represents a breakthrough in the design of efficient and economical industrial luminaires. The modular construction allows for maximum light output at low cost and size. Professional optics made of durable polycarbonate (PC) provide great freedom in choosing the optimal solution, even at significant mounting heights.

APPLICATION

Designed for the most demanding production and warehouse spaces.
